### **CCAS / HOBBIES / INTERESTS**

- I was an Exco Member at NYP's AI Student Interest Group and organised events such as ice-breakers and ran the NYP AI Student Interest Group's blog where I wrote articles about the latest AI Student Interest Group events . Working with others while writing the blogs and editing allowed me to learn leadership skills , a watchful eye and good communication skills.
- I participated in 3 Hackathons with my poly friend group and got 4th place once.
- Outside of academics, I enjoyed exploring AI technologies and experimenting with API integrations to build tools that met real world challenges. I regularly work on small personal projects to better understand back-end systems.
- I am a blue belt in Brazilian Jiu Jitsu
